

# Starting interface

# login page

The image shows a mobile app login screen for 'Farm Assist'. At the top, there is a weather widget displaying a temperature of 23°C, a time of 00:00, and a forecast with sun and clouds. Below the widget, the app name 'Farm Assist' is centered in a bold, dark green font, followed by the tagline 'Join our farming community today' in a smaller, lighter green font. The login section consists of two white input fields with green borders. The first field is labeled 'Email \*' and contains the text 'Email@email.com', with a small envelope icon to its right. The second field is labeled 'Password \*' and contains a series of dots, with a small lock icon to its right. Below these fields is a large, solid green button with the text 'Get started' in white. At the bottom of the screen, there are two links: 'New to AgriMarket?' and 'Log in', both in a small, dark green font. The entire screen is framed by a light gray border, and a small red circle with a white dot is visible in the bottom right corner.
